DO YOU HAVE ANY OF THE FOLLOWING?

Sparse brows • Fair brows • Brows that won't grow • Poorly shaped brows

WELL, WE HAVE THE ANSWER - **High Definition Brows! Only £30.00**

A fantastic, bespoke, luxury brow treatment - completely unique to you

No slugs in sight - we promise!

Don't worry if there isn't enough hair to create your perfect arch immediately, we'll put you on a regrowth programme and work with you to achieve the perfect brow for you

HOW DO WE DO IT?

We begin with an in-depth consultation to discuss size, shape and the look you want before beginning work on your bespoke brows. Custom-blended colour is applied and whether we darken, lighten* or simply tone the natural colour of your brow hair, we'll ensure your new brows complement your look and your style. From there we use our exclusive brow mapping formula to design your unique shape before using a combination of HD hair removal techniques to create it. Finally your brows will be perfected using our luxury make up collection and you'll be given a mini make up lesson to help you maintain and make the most of your brows between appointments.
